

DIAMOND COREDRILLS

DIAQUIP Z Pro

The Z Pro is a very universal drilling segment which delivers on both speed and life through heavily reinforced concrete - particularly on medium to high power motors.

As well as increasing the speed of the cut, the turbo slotted and twisted rooftop segment improves slurry removal from the cutting edge and increases the life of the segment.

SPECIFICATION DETAILS

- Twisted rooftop design makes starting the cut faster and easier
- Turbo Slots in the segment improves slurry removal
- Long life and fast drilling in reinforced concrete
- Ideal for medium to high power motors

TECHNICAL SPECIFICATION	
Segment Length	24mm
Segment Height	11.5mm
Segment Depth	3.5mm
Segment Type	Twisted Rooftop
